0438 084 351

FROM THE PRESIDENT – Ann Wherry - To All Members

For those of you who know me well, you will know I will always do the very best I can for the Association. I am proud to say we have in place a quality council. I am confident I can lead this council, administrators, volunteers and friends to ensure we continue the great work done by the people before us.

I take this opportunity to thank the outgoing President, Executives and council members for the work they have undertaken. They have led the Association admirably.

Regards, Ann Wherry

FROM THE SECRETARY – Josie Kimpton

Back again in this position. I would like to thank Tracie Lambert-Smith for the excellent job she has done over the last 2 years and hope that I can keep up her good work. If I can be of assistance to any member, please do not hesitate to contact me either by email or phone.

I would like to remind Club Secretaries that, if any Day/Event Members compete at your trial, please send the paperwork and money to Janelle, our Treasurer.

WORDS OF WISDOM

Question to Laurie Slater: How do you work the sheep?

"You read them very carefully and it is in very fine print".

Same question to John Perry. "Read between the lines too".

Compulsory Liability Clause – Insurance 2016/17

All Trial Entry Forms will from have the following liability clause noted due to our new Insurance regulations.

Iacknowledge that working with sheep may put me at risk of illness or injury and that in attending this trial I accept that I may be injured from both foreseen and unforeseen events associated with working sheep and dogs. I will not hold NSWSDWI, the committee or any member of the association responsible for any illness or injury that may occur as a direct or indirect result of attending this trial. Handler/owner certify that the entered dog is not a hazard to persons, dogs, stock or property.

Signature: Date:.....

DOGPRO SUPREME AUSTRALIAN CHAMPIONSHIPS 2018

We are calling for expressions of interest from Clubs who would be interested in hosting the 2018 Supreme Australian Championships. Please contact the Secretary.

TRANS TASMAN TRIAL SURVEY

If there is sufficient interest in anyone attending either a workshop or a Trans Tasman trial this year, please either phone or email the secretary with your preferences. We can then look into running either or both.

SELECTION TRIAL 2016

Please see the attached Entry Form

JUDGES TRAINING

Many thanks to Peter Oxley for chairing a Judges Training Evening at Willow Tree. It was a very informative evening with lots of discussion between judges and other interested parties. Thank you Peter.

Bisley – Full Button Long Sleeve – Chambray – All Sizes

Caps – Navy & Pink

The Order Form are available on our website.

TRAPPED NEUTROPHIL SYNDROME (TNS)

(Reprinted with permission from the Border Collie Club of NSW)

TNS stands for Trapped Neutrophil Syndrome. It is an immune deficiency in Border Collies. It is an inherited disorder that is very common in all populations of Border Collies with more than 10% of both working and show dogs carrying the defective gene and capable of having affected puppies.

- TNS is a condition where the bone marrow produces neutrophils but they are not released into the bloodstream. This results in an impaired immune system that cannot fight infections.
- Symptoms are variable, many of the reported TNS puppies have been born looking normal but others have been born small.

- Some puppies with TNS have been small and fine boned with narrow heads at some point but this may not be evident until approx 16 weeks.
- A common first sign is a bad reaction to vaccinations with signs of fever.
- Blood tests may show an abnormally low segmented neutrophil level but TNS can only be definitely diagnosed by bone marrow biopsy.
- Any puppy that shows any signs of infection or failure to thrive is a possible case of TNS.
- There is no cure for TNS and it appears to always be fatal eventually. Antibiotic and steroid treatment can help affected dogs live a relatively active life.
- TNS is an autosomal recessive condition.
- The symptoms are extremely variable and will depend on the bacteria that the pup encounters. There may also be other genes that effect the disease expression.
- Some dogs do not show symptoms until later in life. Older puppies & young adult dogs diagnosed with immune system problems may have TNS so they should also be tested with the DNA test
- There is no evidence that carriers of the TNS defect have increased immune problems.

Testing is available from Sydney University.

REMINDER TO ALL COMPETITORS

Please ensure that when you are entering a dog that is not owned by you, you must include "owned by" and "worked by" on the entry form. Also any prefix the dog may be registered under, e.g. Wondara or Station Bred. This allows the secretary to record points to the correct dog for end of year high point awards.

The trials listed below are the trials receiving sponsorship in 2016. This package is for 3 years and any trials who did not request sponsorship may do so next year. The package allows for 1 pallet (50 Bags) of product per trial with the exception of a couple of trials. This product is to be split up 22 bags for prizes, 28 bags to sell for the contribution to Selection Trials, along with proposed Judges and Encourage Workers Schools. The selling price is \$28.00 per bag.

The NSW Sheepdog Workers Inc. would like to thank Dogpro, and especially John Camilleri, and Dogpro Billy for their great support. Members, please always support those who support you. Listed below are the Trials who are supporting our partnership with Dogpro in 2016.
